ARGHYADEEP DUTTA

React Js Developer

ABOUT ME

I am a passionate and motivated React Developer with a strong foundation in web development. Recently, I have completed my training in React.js and am eager to apply my knowledge of JavaScript, HTML, and CSS in building dynamic and responsive web applications. My experience includes working on projects that utilize React for building user interfaces, managing state with hooks, and integrating REST APIs to enhance application functionality.

WORK EXPERIENCE

Graduate Engineer Trainee, Luminos Industries Pvt. Ltd, Bankura | June - November 2024

- Material Requisition Management: Prepared and processed material requisitions within the Lighthouse ERP system for designated site charges.
- Progress and Inventory Tracking: Compiled comprehensive Daily Progress Reports (DPR) and meticulously recorded material consumption details within the company's ERP system.
- Data Management and Billing: Maintained and organized detailed Excel spreadsheets for material requisitions, ensuring accuracy and accessibility.
- Generated and processed contractor bills based on material usage and project progress, ensuring timely payment.
